

LEVEL GREEN

We will shake off the shackles of dull confinement tomorrow and spend the week in the city with the Grand Lodge, F. & A. M., eating raw beef and soup and drinking lager.

Rev. Hargis preached at Friendship, Sunday, Rembert Todd being unable to attend. He has had a case of flux. Our church now looks only the skeleton of former times may be a change for the better will be inaugurated. Right will triumph over wrong and that where two or three are gathered in the Lord's name He will meet with them.

We will have daily mail on this route which began last Monday, the 17th, with Robert L. Eldridge and E. Bumgarner contractors at \$625 per annum, for four years. This will give us the advantage of the daily city papers. Sam Vanhook and wife and father, and T. J. Price and others are at the big fair at St. Louis.

Candidates are as thick as the fiddlers at the old fiddlers contest. The Presidential contest dwindles into insignificance when compared to the contest between some of the repubs for county offices. How I do enjoy their little fights, and O, what hard things they do say about each other. I wonder if they really mean it, or are they only getting off electioneering stuff like they do on us when we run against them. We have several candidates and deputy, candidates in our precinct.—Wm. T. Brown, of Skidmore, Mo., will remain with us sometime yet. He has prospered well in his adopted country.—Barton Sams has moved in our neighborhood.—Grau Sowder is contemplating moving to Berea to send his children to school there.—Oh! This lovely autumn weather! don't we wish it could continue all winter.

BUCK VARNON

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Chas. C. Davis, the druggist.

Would not interest you if you're looking for a guaranteed salve for sores, burns or piles. Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best salve on earth." 25c at all druggists.

OLD LINERS

Want a Voice in Party Affairs and Object to a Machine Controlled by Ex-Democrats.

A movement has been started among "old line" Republicans to form an organization in Louisville independent of the Federal office-holders' machine. They want a voice in party affairs.

A leader in this movement said: "We resent the fact that the guiding spirit in party affairs here is J. A. Craft; the Collector of Internal Revenue, a former Democrat."

"We object to the policy of employing more Democrats at the Custom house than Republicans."

"We complain of the nominees for Congressmen and Circuit Judge both of whom are former Democrats. The nominee for Congress is practically a nonresident."

"We resent the treatment accorded such men as W. O. Bradley, A. E. Wilson, George G. Todd, Charles D. Sapp, R. L. Gwathmey, Al Spies, R. I. James, Samuel Richardson, Dr. Godfrey Hunter, and a host of others. These men have been Republicans all their lives, yet they are denied a voice in affairs and their friends are ignored. The party here is being run by nonresident Democrats."

"We complain of the interference of the machine here in the Eleventh district primary, and condemn R. P. Ernst for his action in taking the State Central Committee to connivance to give the Congressional nomination to D. C. Edwards."

"We do not believe that the State Central Committee in this district should be W. A. Evans, a Federal officeholder."

"We do not believe that the Republican campaign should be conducted by a man who has been rebuked by the President."

By way of comment, the Somerset Journal says:

"This is but the beginning of a movement that will find voice and sympathy in all parts of the State among men whose devotion to the Republican party cannot be challenged. They know that their party in Kentucky is not run with a view to win victories in behalf of Republican principles but simply to keep in office a set of factionists who act as though they desire the party to grow smaller and beautifully less in numbers. The Federal offices will about go round. The Eleventh district is ripe for a similar revolt against the tyranny of the Ernst-Craft combination."

ONE OF MANY.

H. A. Tisdale, of Summertown, S. C., suffered for twenty years with the piles. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many, many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ringworm, skin diseases, etc. Sold by Mt. Vernon Drug Co.

McKEE.

(Jackson County.)

Dry weather seems to be the general talk here.

Winter is here along with short crops and dull times.

Attorney G. I. Rader has just returned from Lincoln Court.

A bank has just been opened in McKee with \$15,000 capital stock, and a college is in construction now.

The County Court Clerk J. F. Hogle and his wife, who had gone to the World's Fair, were called home by telegram on account of the illness of their daughter, of typhoid fever.

Oats is selling at \$2.00 per hundred, blade fodder \$2.00 per hundred. Cattle worth nothing—almost as low as during the great panic and soup house reign.

The shortage in crops continue to grow worse. Now if our superiors could have the entire ruling power the conditions of the U. S. at the end of four years would be something to be remembered.

Circuit Court closed here a short time ago in which John Morris was sent to the penitentiary twenty-one years for manslaughter, and Timothy Lakes sent fifteen years on same charge. Morris is appealing his case.

The board of trustees of McKee has a law prohibiting hogs or horses running at large on the streets, also a law prohibiting the hitching of horses, mules, etc. to fences, houses or shade trees along the streets. We guess that the fellow that rides up and hitches his horse to our front gate and walks off, caring nothing for the rights of any one but himself, will soon be marched back by Marshal Short to the office of Judge Llewellyn and be required to contribute one dollar and cost for his hitching post.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." (Gaspere throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds, 50c and \$1 bottles guaranteed" by all druggists. Trial bottles free.

She—Do you think you would live longer if you were married, Mr. Bachelor?

He—I don't know, but I am sure it would seem longer.

LAND, STOCK AND CROP

So far this season Terhune and Brown have bought 200 mule colts at an average of \$40. Clel Coleman the past week bought 200 feeding cattle in this county for Lexington parties at 3 and 3½ cts.—Harrodsburg Herald.

Mr. J. W. Bales, of Richmond, has been in this county for the past week buying export cattle for the firm of S. S. Co., Baltimore. Mr. Bales has secured a bunch of 92 from Lanier Bros., at \$5.12 per hundred; from Mr. Tom Gentry, 72 at \$5. and from T. D. English, 18 at \$5. These cattle are about the best lot that ever left the county and represent the neat sum of about \$15,000.—Danville Advocate.

Several sales of new corn have been made in the county at 35c per bushel. Other sales have been made at 40c delivered. Frank Clift, of Mason county, was here on Monday and bought the following export cattle at 5c per pound for October delivery: C. M. Fleming, 41 head, L. Howe, 17 head, Jno. J. Lee, 34—Flemingsburg Gazette.

H. N. Raakin purchased of S. S. Ralls 29 yearling mules Monday at \$127 per head. This is about the best lot of yearlings we ever saw pass through our streets.—Carlisle Mercury.

Waller [Sharp, of Sharpsburg, sold to L. Joseph, of Cincinnati, 170 cattle at \$485.—Ben T. Wright of Sharpsburg, sold to Harrell, Tibbs & Gish, 102 export cattle at \$3.75.—Owingsville Outlook.

In Bourbon Thomas Henry Clay sold Wednesday to Joseph 114 head of 1,300-lb cattle at 4 cts.—Winchester Democrat.

W. McClure sold to Wm. Arnold one work horse for \$65.

A JUDICIOUS INQUIRY.

A well known drug man who visits the drug trade says he often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by Chas. C. Davis, the druggist.

The river is so low the street sprinkling department of Madison is daily called to the wharfbost to ally the dust raised by the boat landing at that point. No trouble of this kind is experienced on this side—there always being plenty of deep, pure water on the old Kentucky shore.—Milton News.

THE LAW.

As there is considerable doubt among some as to just how the voters in the Mt. Vernon, Brownhead and Livingston precincts, who failed to register on the regular registration day, can get their names on the register, we put forth in full the two sections of the law covering that point:

Sec. 1498. "Any person entitled to register, who was necessarily absent from the city of his residence during the days allowed for registration herein, or who was unable during said time, or who was unable to attend the place of registration on account of sickness of some named member of his family, may have his name placed upon the registry for the precinct in which he resides, by attending the county clerk's office at the times specified in the next section, and making the affidavit before the clerk showing the facts to be stated in the register by section 1499 herein, and showing the absence or sickness referred to above."

Sec. 1499.—On Monday, Tuesday and Wednesday preceeding the November election in each year, such county clerk shall receive in a bound book, to be kept by him for that purpose, the affidavits provided in the preceeding section, and shall place the names of persons making such affidavits upon the proper registration book, and shall write his name as clerk and date of registry, after the name of the person registered, in the column headed "Remarks." Any person present in the county clerk's office may challenge the right of any voter to register under this section, and thereupon the county clerk shall examine such voter and any witness who may be offered, and oaths, and shall hear and determine the question of his right to register. The duties herein imposed upon the county clerk may be performed by his deputy, and he or his deputy may administer oaths under this law."

PILL PLEASURE.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but pleasantly give tone and strength to the tissues and organs of the stomach, liver and bowels. Sold by Mt. Vernon Drug Co.

W. J. Bryan closed the sixth day of his Indiana tour at Bedford Tuesday night, speaking to a crowd which filled a four-acre park. During the day he spoke to large crowds at a number of towns.

BIRD LAW.

1. It is a fine of not less than \$5 nor more than \$25 to kill or have in possession after being killed, any partridge or quail except between Nov. 15th and Dec. 31st, or any rabbit or squirrel between Sept. 15, and Nov. 15th.

2. It is a fine of from \$10 to \$25 to buy, sell, transport or to have in possession to sell or transport and quail or partridge. Each bird is a separate offense, and the fine is from \$2 to \$50 for each offense.

Any game warden has the right to stop on first sight and search any one found violating the law, and may confiscate any guns, dog or other article in possession of such person.

Supt. G. M. Ballard was in this section Monday visiting schools and looking after his interests as a candidate. He is a good man for the place which he seeks.

The live questions of the campaign can be summarized in a few words: "Do the people of the United States want, for the next four years a Constitutional Government directed by a wise, sane, conservative man like Judge Parker, or do they want a turbulent Government run by a War Lord whose sole idea is to have a great standing army and to pick a quarrel with any nation that dares to disturb the chip on his shoulder? Shall we return to the Jeffersonian simplicity practiced under the Cleveland administration, or shall we reelect Roosevelt and endorse the extravagance of the last four years when more than two billion five hundred thousand dollars of the people's money were wasted in reckless expenditure? Shall the Tariff be revised by the friends of the masses, and for the common weal? as promised in the Democratic Platform, or shall it continue to be exploited for the benefit of the robber trusts and corporations? Shall we do justice to the Filipinos and give them their independence, or shall we continue to maintain a Government that deprives them of the right to control their own affairs and make them "Slaves instead of Free Men?" Shall the Government be administered solely for the benefit of the Trusts, who have their representatives in the Cabinet and who are rallying to the support of Roosevelt, or shall the people at least have a representative in the White House, in the person of Judge Parker, who will defend their rights against the encroachment of those who are enriching themselves at the expense of the Tax payers? These are the important questions of the Campaign and it remains for the democrats of Kentucky to answer whether they will remain true to their Democratic record, or surrender to the hosts of plutocracy led by Roosevelt and financed by Pierpont Morgan and the Standard Oil Co.

ONE of the most significant features of the campaign is the attitude of the Independent Press of New York City. Four years ago they were a unit for McKinley. This year they are unanimously for Judge Parker. The New York Herald is leading the battle against Rooseveltism, which it considers a menace to the peace and prosperity of the country. The New York World, which fought Bryan bitterly in 1896 and 1900, is advocating the election of Judge Parker, and Mr. Pulitzer is personally pouring broadsides into the Republican ticket. The New York Times which has grown to be one of the most influential journals in the East, is lending material aid to the Democrats, and the Evening Post, the hope and expectancy of the mugwump contingent, is also for Judge Parker.

These straws show which way the Independent vote is going in the Eastern States and it will not be surprising if the land slide in New York will carry with it New Jersey and Connecticut, whose interests are so closely bound up with the Empire State.

The new society organized at Bedford, Ind., known as the "Iron Hand of the World," will fit out a private car and make a tour of the United States to enroll membership with a view of petitioning the Legislature in each State to enact a law prescribing the death penalty for criminal or attempted criminal assault. It is to be hoped that such a law will soon appear upon the Statutes of every State in the Union.

The enthusiasm of the New York Democrats for Parker and Davis is having its effect in all the doubtful States East and West. New Jersey, Rhode Island and Connecticut are responding with particular promptness to the demand for a sane and safe administration of national affairs.

In the First, Second, Third and Fourth Districts where the silver democrats were most numerous the indications are for increased majorities in every county.

POLITICS AND POLITICIANS

Mr Bryan was greeted by large and enthusiastic audiences on his Indiana tour.

Chicago's registration is no greater than it was in 1900, and the political workers are disappointed at the outcome.

Senator Redfield Proctor was re-elected to the United States Senate by the Vermont Legislature in separate session.

Great crowds attended the Bryan meetings in Indiana and the free silver followers of the Nebraskan are becoming enthusiastic for Parker and Davis.

The Democratic Campaign Committee has planned to put seventy-five speakers in Kentucky during the last eleven days of the campaign.

The number of voters who registered in Greater New York the first two days is placed at nearly half a million. The Democrats are encouraged at the figures.

Chairman Taggart, of the Democratic National Committee, left New York Thursday for Indiana. He will put in several days looking after the political situation in Indiana and Illinois.

The Hon. Felix T. McWhorter, Prohibition nominee for Governor of Indiana, was summarily jerked by a policeman from a dry goods box which he was using as a platform while delivering a speech at Hammond.

The tour of West Virginia by Mr. Davis, former Senator David B. Hill and others of the party was marked by enthusiasm at all points where stops were made. The campaign has begun to tell upon the voice of Mr. Davis, but otherwise he is in good shape.

Judge Parker held conferences Tuesday in New York City with a number of the democratic leaders. The political situation in Indiana, New Jersey and other States was canvassed.

In his speech at Huntington, W. Va., former Senator Hill discussed the race question declaring that it had been injected in to the campaign by the Republicans as a political issue.

Charles F. Murphy, leader of Tammany Hall, gave orders that candidates nominated by Tammany must not permit their names to go on the official ballot of the Populists. "Democrats must be Democrats," said he.

Secretary of State McChesney refused to allow the People's party leaders to file petitions to get on the names of congressional nominees in the First, Third and Ninth districts on the official ballot, owing to the fact that they were presented ten days after the limit expired as prescribed by law.

Judge Parker delivered an address at Rosemont to two political delegations that visited him. This was the second address of Judge Parker since accepting the democratic nomination, and it dealt with the question of imperialism. The speaker declared that the Filipinos should be treated as the Cubans were in the matter of independence.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bone must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have. Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

THE SUNDAY BIBLE SCHOOL

Lesson in the International Series
for October 23, 1904—"Elisha
and Naaman."

(Prepared by the "Highway and Byway" Preacher.)
(Copyright, 1904, by J. M. Edson.)
LESSON TEXT.

(1) Kings 5:1-14. Memory verse, 10-11.
1. Now Naaman, captain of the host of the king of Syria, was a great man with his master, and honorable, because by him the Lord had given deliverance unto Syria: he was also a mighty man in valor, but he was a leper.

2. And the Syrians had gone out by companies, and had brought away captive out of the land of Israel a little maid; and she waited on Naaman's wife.

3. And she said unto her mistress: Would God my lord were with the prophet that is in Samaria: for he would recover him of his leprosy.

4. And one went in and told his lord, saying: Thus and thus said the maid that is of the land of Israel.

5. And the king of Syria said: Go to, go, and I will send a letter unto the king of Israel. And he departed and took with him ten talents of silver, and six thousand pieces of gold, and ten changes of raiment.

6. And he brought the letter to the king of Israel, saying: Now, when this letter shall come unto thee, behold I have therewith sent Naaman my servant to thee, that thou mayest recover him of his leprosy.

7. And it came to pass, when the king of Israel had read the letter, that he rent his clothes, and said: Am I God, that I should make a leper to be whole? And he wrote a letter to the king of Syria, saying: Wherefore hast thou sent me to recover a man of his leprosy? Therefore consider, I pray you, and see now I am sending a messenger against thee.

8. And it was so, when Elisha the man of God had heard that the king of Israel had sent the king of Syria, that he sent his servant, saying: Thus and thus said the king of Israel.

9. So Naaman came with his horses and with his chariot, and stood at the door of the house of Elisha.

10. And Elisha sent a messenger unto him, saying: Do and wash seven times in Jordan, and thy flesh shall come again to thee, and thou shalt be clean.

11. But Naaman was wroth, and went away, and said: Behold, I thought that he would surely come out to me, and stand on the name of the Lord his God, and strike his hand over the place, and recover the leper.

12. And the Syrians came near, and spake unto him and said: My father, if the prophet had bid thee do some great thing, wouldst thou not have done it? How much rather then, when he saith unto thee, Wash, and thou shalt be clean?

13. Then went he down, and dipped himself seven times in Jordan, according to the saying of the man of God; and his flesh came again like unto the flesh of a little child, and he was clean.

14. And he returned to his lord, saying: As the Lord hath said, so I have done.

15. And the king of Syria said: Now, I know that there is no God but the Lord.

16. And he said: Now, I know that there is no God but the Lord.

17. And he said: Now, I know that there is no God but the Lord.

18. And he said: Now, I know that there is no God but the Lord.

19. And he said: Now, I know that there is no God but the Lord.

20. And he said: Now, I know that there is no God but the Lord.

21. And he said: Now, I know that there is no God but the Lord.

22. And he said: Now, I know that there is no God but the Lord.

23. And he said: Now, I know that there is no God but the Lord.

24. And he said: Now, I know that there is no God but the Lord.

25. And he said: Now, I know that there is no God but the Lord.

26. And he said: Now, I know that there is no God but the Lord.

27. And he said: Now, I know that there is no God but the Lord.

28. And he said: Now, I know that there is no God but the Lord.

29. And he said: Now, I know that there is no God but the Lord.

30. And he said: Now, I know that there is no God but the Lord.

Misses Mat Williams and Kate Moore are seeing the World's Fair this week. Miss Dell Jones, of Middlesboro, joined them at this place.

We regret very much to learn that our good friend, J. J. Tovey, has to give up his position with Ballard & Ballard, on account of his health.

Born, to the wife of Howard Baker, twins. Both children are dead and the mother, who was Miss Florence Mullins, is in a very serious condition.

LOCAL

J. A. Landrum lost a fine milch cow last week.

Read Dr. Davis' advertisement which appears elsewhere in this issue.

Drilling on the Williams well in town limits is progressing.

This office will begin the ball's for the general election next Monday.

Houk & Adams have bought and stored 300 bushels of Irish potatoes and buying more.

Gas is still burning at the Levi's well. Looks like a big waste. Why can't it be utilized?

S. N. Davis and T. J. Pennington each had a good milch cow killed by a train Tuesday night.

We wish to call attention to J. C. Hocker & Co's. ad in this issue. It tells lots, but it does not tell the half.

The local telephone company is under obligations to Judge Durham for repairing line between Wildie and Conway.

J. A. Preston is building a new store room and preparing to go in to the goods business on Ganley branch, a short distance across the river from Livingston.

W. M. Stanley, exchange manager at Livingston, advises us that Frank Johnson, who claims to be from West Virginia, charged with robbing the Livingston post office last June, confessed in U. S. Court at Covington but has so far refused to name his partner in the job.

Something over \$400 in stamps and money was taken none of which has ever been recovered.

Rockcastle has been well represented at World's Fair by a large number of visitors. There has not been a time since the opening day that we didn't have one or more people on the grounds. Our people know a good thing and always manage to be on hands when the big watermelon is cut or pumpkin divided. Many more from this county will attend before closing day.

A Kansas woman wanted a set of false teeth and wrote to a Topeka dentist thus: "My mouth is three inches across, five-eighths thru the jaw. Some hummocky on the upper, shaped sunthin' like a horse shoe, toe forward. If you want me to be more particular I'd have to cum up thar."—Topeka Capital.

Our Dr. Myers could have made the plate from above description and given a good fit too.

QUICKLY SETTLED.—Wm. McQueen and W. T. Baker candidates for Magistrate in the First district, composed of West Mt. Vernon and Roundstone precincts, met here last Saturday and agreed to draw straws as to which one would continue the race. Mr. McQueen getting the long straw was declared the lucky man. This, however, does not give Mr. McQueen a clear track, as Wm. Huff and the present incumbent, S. L. Durham, are also candidates.

That there is gold in the Eastern part of the county there is no doubt but with the exception of those living in the immediate section, there is but little said or thought about it, as it is the general opinion of the majority that it is all a mistake. From the several analysis of the ore, there can be no mistake that there is gold and from the fact that Eastern capitalists are taking options on every foot of land in that section it is evidence, that it is there in some considerable quantity. Options to the amount of several hundred thousand were taken last week.

Among the visitors to the big fair at St. Louis last week were Ed Cox, Arch Furnish and Burdette Houk, from this place. They claim they had the time of their lives. We don't doubt it. They paid for and took a high ball in the captive balloon. On their return to earth, Arch demanded his money back, said he thought he was paying for a trip around the world like the advertisement read. The matter was compromised. Burdette Houk was an eager spectator in hospital where doctors were demonstrating manner of surgical operations, chloroforming etc. He wanted to see a leg cut off and waited for some time before discovering it was a wax figure the doctors were working over. Ed Cox was appointed leader down the Pike and he trotted the boys a lively heat, in fact it became so warm that the whole Pike became demoralized and Ed, with his force, were persuaded to return to Mt. Vernon upon a promise from the Pike people to remit a weekly allowance provided they would not come back to the Fair and Pike again.

The Court of Claims will meet next Monday.

It is not in the nature of a surprise to read that the president is confident that he will be elected. What sort of a candidate would he be if he gave it up now, even if he were sure of defeat?

TAKEN UP.—One black barrow, weight about 100 lbs. came to my premises July 20, 1904. Owner can obtain same by paying all damages. F. M. HUNT.

oct-21-31. Marentburg, Ky.

LOST.—Somewhere in the town of Brodhead, a pocketbook with \$75.00 in paper money. A liberal reward for its return.

R. W. DALLAS, Brodhead, Ky.

G. W. Gentry Jr., has bought another saw mill and has the contract for cutting the timber bought some time ago by the Norton brothers. We understand there will be about 4,000,000 feet of lumber on the boundary.

It is almost a foregone conclusion that a large lime kiln will be erected at the Levisay rock quarry, the gas from well No. 1 of the Rockcastle Development Co., to be used in burning it. Several Lancaster parties are interested.

F. Francisco, proprietor of the Right Gables Hotel at Livingston, still holds first place as the best hotel man in this section of the State. At Livingston, as it was at Brodhead, you get more for your money than any place on earth.

At the W. T. Houk sale near Gumb Sulphur Saturday the farm of 240 acres went to Vaught King for \$965. Corn in field brought \$2.10. Other feed and the stock sold at satisfactory prices. Col. J. P. Chandler, the popular auctioneer, cried the sale.

Unless there is rain within the next ten days, the Railroad company will have to carry an extra tank of water, as New Haven and Lebanon Junction are the only places between Livingston and Louisville where they have any water. Never before in the history of the K. D. has this occurred.

SOLD OUT.—A. J. Fish, proprietor of the Mt. Vernon Grocery Co., has sold his interest in the business to the barber, J. H. Harp, who will have the business conducted in the same building and under the same name as heretofore. For the present D. C. Poynter has charge of the store. Mr. Harp will continue his barber trade just the same.

TO THE VOTERS OF ROCKCASTLE:

Whereas, there is considerable rumor throughout the county as to who will be my deputies in case I am successful in the race for Sheriff, and in order that my friends and the friends of the gentlemen who are making the race with me, may know positively who those deputies will be, I make this announcement: If successful my deputies will be Reubin Abney, of Disputanta, and John Robins, of Brodhead.

Yours very truly, R. L. McFERRON.

Mr. Hambrick, Chairman of the Building Committee of the Methodist Church at Georgetown, says that they are delighted with the brick furnished them by the Winchester Granite Brick Co. The walls now going up are attracting much attention and the brick layers say that they are the easiest brick to handle they have ever used. The church of Cynthia will also use the Winchester brick.

The above mentioned brick are made in this county and while the plant has been in operation only a short time, the high grade and quality of the brick is making a great demand for them all over the State.

HOW TO CURE CORNS

AND BUNIONS.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible with a drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general ointment for sprains, bruises, lameness and rheumatism, Pain Balm

is unequalled. For sale by Chas. C. Davis, the druggist.

Kentucky stands far up in the lead in the list of awards made to the exhibitors of the Louisiana Purchase Exposition, having a total of 186, divided as follows: Six grand prizes, thirty five gold medals, fifty three silver medals, seventy two bronze medals. This record, too, is made in the face of the fact that there was only three Kentuckians on the juries of awards.
